Dear Dr Nina,

Thank you for taking the time to review the above-referenced manuscript. We appreciate your effort in reviewing this paper and greatly value your assistance as a reviewer for Advances in Space Research.

I hope you enjoyed using Scopus and ScienceDirect and that it helped you to review this article. If you have not yet activated or completed your 30 days complimentary access to Scopus and ScienceDirect, you can still access via [www.scopus.com/reviewers](http://www.scopus.com/reviewers), using your EES Username and Password. You can save your 30 days access period, but the access will expire 6 months after you accepted to review.

Yours sincerely,

Jan Laštovicka, Dr.  
Editor in Chief  
Advances in Space Research
