Hi popovi

Thanks for taking the time to complete the TCHPC resource application form. You project has been assigned the following code :

HPC_13_00740

The project code is valid on the cluster: kelvin

Please use this code for all compute tasks associated with this research. Details on how to use the project code is available at: https://www.tchpc.tcd.ie/node/531

Your project storage has been allocated here:

/projects/pi-ssanvito/HPC_13_00740

You can check your disk quota with 'myquota'.

You can check your allocated CPU-hours with 'sbank balance statement'.

Your abstract is published on our website through the following link: http://www.tchpc.tcd.ie/projectresourceallocation

Thanks,
RHPC Team
