

FIRST ANNOUNCEMENT

We are pleased to announce that the XVI National Conference of Astronomers of Serbia will be held in Belgrade, from October 10 to 12, 2011. The conference is organized by the Astronomical Observatory of Belgrade together with the Department of Astronomy, Faculty of Mathematics, University of Belgrade and supported by the Ministry of Education and Science of the Republic of Serbia.

The conference sessions will include: invited talks presented by local and international lecturers, presentations of PhD and MSc theses that have been completed within Serbia or abroad since the last conference (2008), contributed talks and posters. Contributions presented at the Conference will cover a wide range of topics in astronomy and similar fields. The key topics are:

1. Astrophysical spectroscopy and interferometry
2. Stellar physics and physics of interstellar medium
3. Stellar and galactic systems
4. Astrometry, dynamical astronomy and planetology
5. Extragalactic astronomy and cosmology
6. Interdisciplinary studies (astrobiology, astrochemistry, geophysics, atmospheric physics, and space astronomy)
7. History, philosophy and teaching of astronomy
8. Amateur astronomy, sociology of astronomy, astronomy in arts and culture
9. Instrument robotization and astroinformatics

A preliminary scientific program will be given in the Second Announcement. An abstract book will be published before the Conference and proceedings volume shortly after the end of the Conference. The registration form as well as information concerning the text formats and styles (for abstracts and papers) is provided on the official Conference website:

The official languages of the Conference are Serbian and English. The conference lectures and poster session will take place in the halls of Ilija M. Kolarac Foundation, Belgrade. Conference proceedings will be published in a separate volume of the "Publications of the Astronomical Observatory of Belgrade". There is no registration fee for the conference.

Important dates:

First Announcement – April 15, 2011

Registration deadline – June 1, 2011

Abstract submission deadline – July 1, 2011

Second Announcement – July 15, 2011

Final Announcement – September 15, 2011

Submission of contributions for the Proceedings deadline – November 1, 2011

PRVO OBAVEŠTENJE

Zadovoljstvo nam je da objavimo da će se XVI Nacionalna konferencija astronoma Srbije održati u Beogradu, od 10 do 12 oktobra 2011 godine. Konferenciju organizuju Astronomska opservatorija u Beogradu zajedno sa Katedrom za astronomiju Matematičkog fakulteta u Beogradu pod pokroviteljstvom Ministarstva prosvete i nauke Republike Srbije.

Konferencija će se sastojati od predavanja po pozivu domaćih i stranih naučnika, izlaganja doktorskih i magistarskih teza odbranih u zemlji ili inostranstvu u periodu između dve konferencije (od 2008), kraćih saopštenja i postera. Na Konferenciji će biti prikazani radovi iz svih oblasti astronomije, kao i tema vezanih za astronomiju i druge srodne nauke. Ključne teme su:

1. Astrofizička spektroskopija i interferometrija
2. Fizika zvezda i međuzvezdane materije
3. Zvezdani i galaktički sistemi
4. Astrometrija, dinamička astronomija i planetologija
5. Vangalaktička astronomija i kosmologija
6. Interdisciplinarne studije (astrobiologija, astrohemija, geofizika, atmosferska fizika, i kosmička astronomija)
7. Istorija, filozofija i nastava astronomije
8. Amaterska astronomija, sociologija astronomije, astronomija u umetnosti i kulturi
9. Robotizacija instrumenata i astronoinformatika

Preliminarni program Konferencije biće objavljen u drugom obaveštenju. Knjiga apstrakata će biti štampana pre, a Zbornik radova neposredno posle Konferencije. Formular za registraciju i uputstva za pripremu tekstova (apstrakata i članaka) se nalaze na zvaničnoj internet prezentaciji Konferencije:
