August 11<sup>th</sup> 2010

Dear Prof. Celebonovic,

On behalf of the Organizing committee of the 16th International School of Condensed Matter Physics, the ISCMP 2010 "*Progress in Solid State and Molecular Electronics, Ionics and Photonics*", which will take place in Varna, BULGARIA between 29<sup>th</sup> August and 3<sup>rd</sup> September 2010, I have the pleasure to inform you that your contributions entitled:

*Invited lecture:* "THE HUBBARD MODEL IN 2D: A THEORETICAL TOOL FOR MOLECULAR ELECTRONICS"

by V. Celebonovic

have been included in the School programme.

We kindly invite you to take part in the work of the School and will be glad to meet you and your accompanying person in Varna in the end of August and beginning of September.

We have booked for you a double room for the period August 28<sup>th</sup> -September 4<sup>th</sup>, 2010 in the Panorama hotel in the resort St.St. Konstantin and Elena in which the School will be held.

Sincerely yours,

Academician Alexander G. Petrov, PhD, DSc, FBAS  
Director, Institute of Solid State Physics  
Chairman of 16ISCMP 2010
