### **Invitation for Dr. Bojan Nikolic**

To whom it may concern

It is my pleasure to invite Dr. Bojan Nikolic from the Institute of Physics, Belgrade, to visit the Arnold Sommerfeld Center for Theoretical Physics (ASC) at the LMU in Munich.

Dr. Nikolic is being invited to do research within Prof. Lüst's group for mathematical physics and string theory. It is agreed that Dr. Nikolic will visit the ASC in the period of six months from July 1 to December 24, 2012, provided his local expenses in Munich, as well as the required health insurance, will be covered by the home institute in Belgrade.

If you need any further information, please do not hesitate to contact me.

Sincerely,

Michael Haack  
Scientific Manager of the Arnold Sommerfeld Center
